NEW BUILDING "First steel hit the sky"--Mary Fontecchio

The new interim building is slated to be done by the second week of October. This superb structure is 50' X 96' with 4800 square feet. The cheers you hear are from shipping, mail room, dealer sales, and customer service, who will be moving into it. The sighs heard are from the rest of us letting out our belts so we can breath. We will have room, you hear, room, Room, ROOM, ROOM!!!
